

49TH CONGRESSIONAL DISTRICT

Rep. Mike Levin

One of many important priorities is protecting a woman’s right to make her own decisions about her body. The decision by the Supreme Court to eliminate an established Constitutional right to abortion is appalling. My opponent celebrated the decision to overturn Roe and would support a national abortion ban. We can’t let that happen.

I don’t have a lowest priority. We need to tackle all of these issues with a sense of urgency and I have worked on each and every one of them in Congress.

We need to restore financial peace of mind for people. Our elderly fixed income families are being shaken by rising prices, and working families are having to make tough decisions every day because of inflation. Gimmicks wont work. I’ll fight to stop reckless government spending and to re-establish energy independence to ease prices.

Trade is ranked the lowest. The Executive Branch takes the lead on trade.
